

1. K-LOVE is a necessary service in our community. It provides moral based music and comment. The stations position encourages everyone who hears it to support our children, our spouses, our schools, our legelators, and our president. Name one network station that does that!!
2. Replacing K-LOVE with an LPFM would negatively effect our community in that the inroads this FM station has made with the teenage population in our area, two of which are ours, would be gone. K-LOVE promotes Christian values. Kids living by these values perform better in school, interact better with their piers and spend less time in trouble.
3. Any station promoting proper behavior, community support and living a life of purity can only be considered a value to the community. KEEPING K-LOVE ON THE AIR IS IN THE PUBLIC SERVICE.

Thanks.
